Dear Cammy:

I want to thank you for all of your work on the Power Architecture Developer Conference last year. Your diligence, responsiveness, enthusiasm and forethought were critical in pre-program planning and on-site execution which resulted in a truly successful program. You were an incredible asset to my team.

The client is still marveling at the management of sponsors and our ability to collect 100% of the sponsorship monies in such a short window. Credit for the successful management and collection on sponsors as well as the excellent onsite management of the sponsor exhibit area is due in large part to you. Great work and I look forward to working with you in the future!

warmest regards-
